

# Hybrid Cabbage Ruby King

DESCRIPTION:	Early maturing, Ruby King has a globe head shape with good head weight (3.3 lbs.) and fill. Bright purplish-red head color exhibiting exceptional uniformity.
MATURITY:	70 days from transplant
COMPARABLE VARIETIES:	Ruby Ball, Red Rookie
VARIETY CHARACTERISTICS:	Ruby King has a very strong tolerance to heat and strong tolerance to cold. Growing season is fall and winter. With its excellent head weight and fill this variety has great weight for its size. Its globe-shaped head is a very desirable market quality.
ADAPTABILITY:	Arizona, California

Descriptions, illustrations, photos and disease resistance, etc. are based upon the results obtained under favorable conditions and certain races of pathogens/diseases. Identical results are not guaranteed nor implied for all growing conditions. Information is based on average data compiled. Physical characteristics, adaptability and disease tolerance may vary under different conditions. Rev C
